O. C. HEADQUARTERS MOVED TO CHICKASHA

Chickasha, Okla., March 28.—Officials for the Oklahoma Central Railroad arrived here yesterday and will be ready for business, in the new station that has just been completed, Wednesday morning. Among the official corps are: W. G. Choate, general manager; G. H. Parker, auditor; B. M. Hale, traffic manager; J. T. Statham, accountant; R. C. Boles, cashier; W. H. Sparger, Bookkeeper; B. F. Purdum, chief clerk, and a number of clerks in the accountant department. President Dorset Carter will not move here from Purcell.

JAIL BREAKERS ARE STILL AT LARGE

None of the three men who escaped from jail Tuesday evening have been arrested yet, although a phone message from a deputy today stated that he thought he had one of them located. Sheriff Mitchell and Deputy Cal Bolin at once left for the place and if the man is there his capture will probably be only a matter of a short time.

STORE AT CENTER IS BURGLARIZED

Last night the store of Copeland & Sloan at Center was broken into by burglars and about \$60 worth of goods taken out. Martin Carr and Jess Anderson, negroes, were suspected and about 9 o'clock this morning the goods were found in the loft of the house about two miles from Center in which they live. Although stoutly maintaining their innocence at first, they finally admitted that Carr had taken the goods, and that Anderson's nerve failed him at the last minute and he did not take a hand in the burglary. Both negroes were arrested and brought to Ada this afternoon.

Anderson was pardoned from the penitentiary a week or two ago, where he had been sent on a charge of horse theft. He was given a pardon because it was believed that he had only intended to steal a ride, the horse not returning home when turned loose.

More Booze Captured.

Wednesday Deputy Cal Bolin made another raid at Francis and this time captured six five gallon kegs of liquor, said to be whiskey. He arrested Will Newman in connection with the case who made bond and was given his liberty.

Taft Claims 242 Votes.

Washington, March 27.—Figuring on returns from yesterday's primaries in New York and the state convention in Indiana, President Taft's campaign headquarters today claimed 242 delegates among those selected thus far. Director McKinley conceded only twenty-four to Colonel Roosevelt.

At Durant the Ada debaters will be Max Brents and Tony Edwards, and Miss Helen Meyers will represent Ada in the reading contest.

SMILE AWHILE

And When you smile, another smiles, and soon there are miles and miles of smiles. And life's worth while. Because you smile.
—Apothecary.

Now a man can help his Mother, Wife or Sweetheart to smile, help in many varied ways. You know how it used to be considered very impolite to smoke in a lady's presence. But now, frequently you hear some lady say, "My what a fine odor that cigar has," (she is evidently speaking of a Black and White) or "I do love the smell of such good tobacco," referring of course, to Gwin & Mays' Reputation, that excellent 5c Cigar, which we have made up of blended Tobaccos, Port Rican, Havana and Domestic.

If you prefer straight Domestic goods, we can give you "The M. C. Special, a cigar we made up in 5,000 lots at \$38.00 a thousand to sell at 5c and no better Domestic tobacco can be secured. If you favor a Rich, Havana aroma, we have chosen for your good pleasure Norma Martinez, made in Tampa, a cigar which costs us \$35.00 per thousand and sells for 5c straight, or the Salome, which is \$35.00 per thousand, is a slightly milder Havana, a little sweeter and sells for 6 for a quarter. Since there are so many brands of Cigars popularized today, we are compelled to carry both GOOD and BAD cigars. Let us point you to the good ones.

tives to Durant and the winning teams will later meet the winners from the west side and settle the championship of the state. Nothing can equal these contests in creating an interest in practical lines of study and speaking, and we are pleased that the contests will hereafter be a permanent feature of the year's work in the schools. The young people should be encouraged in their endeavors, and with the string teams the Ada normal has, we see no reason why Ada should not win both at home and at Durant and in the final contest with the west side. In view of the fact that the expenses of the teams and of the judges must be met it is necessary to charge an admission fee, of twenty-five cents, but it will be well worth this small sum to be present on these occasions.

The Turks claim to have killed 3,500 Italians in a recent battle. Evidently they have learned the value of trained press agents and have employed several.

Teddy wanted a primary. He got one in North Dakota and lost. He said the democrats did it. He got another in New York and lost again. He charged that to the account of the office-holders and machine politicians and pronounced it most scandalous.

The character of many people reminds one of iron pyrites, or "fool's gold." The uninitiated and unsuspecting are carried away with the deceptive outward appearance and rejoice in finding a treasure, which, however, they later find to their sorrow, is worthless. On the other hand, one sometimes meets people whose good qualities are like diamonds so deeply embedded in the clay that it is only with difficulty that the priceless jewels are located at all.

BIG FLOW OF GAS

STRUCK AT ARDMORE

Ardmore, Ok., March 28.—What is said to be the greatest was well in the state was brought in here yesterday and tested today. It produced 22,000,000 feet of gas every twenty-four hours. The well is the property of the Idaho Oil and Gas company, and is located in the Santa Fe oil fields, adjoining the town of Oil City. The Idaho company is composed of capitalists residing in Idaho and of Dr. F. W. Skillern of this city, who is directing drilling operations in Carter and Love counties.

W. M. Babcock, a Texas oil man, brought in a new oil well today which has every appearance of being a good one, but it has not been tested.

A company composed of Ardmore and Gainesville (Tex.) citizens is being organized to pipe gas into the Texas city.

OHIO CONVENTION ADOPTS INITIATIVE AND REFERENDUM

Columbus, Ohio, March 27.—A safeguarded initiative and referendum plank was adopted today by the Constitutional convention by a vote of 97 to 15.

The proposition bears little likeness in its essential provisions to the unrestricted direct legislative measure first presented to the convention.

The plank inhibits the use of the initiative and referendum for securing the single tax and also inhibits its use for the classification of property for taxation purposes.

President Bigelow was forced to sacrifice many of the things he has been fighting for in the way of direct legislation.

The plank provides for 6 per cent 302-10teod

of the electors on petitions for legislation which is submitted first to the legislature before being voted on by the people, 8 per cent for petitions for legislation to be voted on direct by the people and 12 per cent for amendments to the constitution.

'EVANGELINE'

A Dramatization of Longfellow's Masterpiece.

The sad story of the young Arcadian lovers. Evangeline, the beautiful, and Gabriel, son of Basil, the blacksmith, is known the world over for its pathetic charm. Torn asunder on their wedding morn, Evangeline sets out in search of Gabriel; she wanders for years—longing, hoping, praying, but to no avail. At last she finds him on his death-bed. A heart-touching scene. Most pathetic picture ever produced.

F. F. Brydia and J. W. Davis returned this morning from a business trip to Kansas City. Mr. Davis was grinning much more than usual, and gave as a reason for such facial ornament the fact that Wm. Kemper, president of the Commerce Trust Co. of Kansas City, and manager of Champ Clark's campaign for Missouri and Kansas, had received communications from headquarters of a most reassuring nature, indicating that Clark will get the nomination on the first ballot. That being some better than the showing made in the Second ward of Ada, he certainly has a grin coming.

ular and win the esteem of the people more by staying at home and being a nice housekeeper than she could by voting.

Just think of the homes these days which are ruined by the women deserting their husbands and children on the account of voting. I suppose you all know the old proverb, "The hand which rocks the cradle is the hand that rules the world." Therefore if a woman stays at home and trains the children as she should she has as much to do about making the laws as the man has, and I think they should stop at that. Women have always looked to the men for protection and support, but if they try to put themselves on an equal basis with the men they will never have the respect for them that they should have.

To vote the women would have to go to the ballot boxes and there be among all kinds of men and colored people.

Therefore she would soon lose respect for herself.

Woman suffrage would cause one or two different things. Either the woman would vote as her husband did or if they should happen to see along different lines there would be a great disturbance in the family.

Take the state of Colorado. It was the first state in the union in which women were allowed to vote, and the statistics show that there are more crazy people come from that state than from any other three states of the same population in the union. Why is this? Why it is simply caused by the women deserting their husbands and homes in order to get to hold some office. The idea of a woman holding an office. Take for instance a woman being a night watch. Think how a woman would feel on the streets at mid-night or one or two o'clock. Why, not even the men would respect her.

Now I'm quite sure there's not a girl here who would like to be caught out in any place like this, and as for the boys I am sure they would not want their wives to ruin their reputation in such a way, and I am sure the judges will decide that we are in the right.

I am teaching China and Water Color Painting at the Bras residence in Roff. I will be here only a few weeks longer. To anyone interested in Ada, I will give special prices in lessons. My kiln is nearly new and of the best. I will sell cheap and teach firing free to the buyer.

REV. J. FRANK NORRIS RESIGNS PASTORATE

Fort Worth, Tex., March 27.—Rev. J. Frank Norris, pastor of the First Baptist church of Fort Worth, has tendered his resignation to the congregation of that church. The resignation was sent this evening to Dr. T. L. Ray, chairman of the board of deacons of the church, and he will lay it before the congregation next Sunday. The text of the letter of resignation follows:

"Fort Worth, Tex., March 27.—To the Members of the First Baptist church of Fort Worth: My Dear Brothers and Sisters—Because of the seriously impaired condition of my health, which you have known for quite a while, I hereby tender my resignation as your pastor, to take effect according to the rules of the church within ninety days from date. This course is prompted by my own best judgment after long and due consideration as well as upon the advice of my physician.

"I have loved you and will ever continue to do so as dearly as my own life. I have tried to declare unto you the whole gospel without fear or favor. I have the deepest affection for all within the church and no word of bitterness for any without. Conscious of my own integrity, God as my witness and helper, with my wife and three children, I face the future with confidence unshaken and courage undiminished.

"My first and immediate duty is to recover my health. I begged of you to accept my resignation tendered you Feb. 4 last, but you declined to do so. Now I trust for my sake and for the sake of my family that you will accept this resignation unconditionally, for it is irrevocable. May heaven's richest blessings accompany you every one until that glorious day when we shall stand together before the Father's throne, when every secret thing shall be made known and every faithful servant shall be crowned. Yours sincerely,

"J. Frank Norris."

More Letters Reported.

Another batch of anonymous letters said to have been threatening in their tone, is reported to have been received yesterday by Rev. Mr. Norris, G. H. Connell and others.

Rev. Mr. Norris was reported to be ill at the residence of George E. White, 913 West Second street, where he and his family are stopping. Mrs. Norris, who replied to a telephone call for the minister there tonight, said her husband had not been well for two days. She said he was bordering on another nervous breakdown such as he was afflicted with the day following the burning of the church and parsonage.

The Grand Jury, which has been investigating the burning of the church, has not yet returned its report for the week. It may not report before Saturday or it may report tomorrow.

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 28, 1911.

S.S.S. Cures Skin Diseases

Nature has made ample provision in the sunshine and moisture of the air for the outward life and protection of the skin, but the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their support, and the fibrous tissues are all preserved in a healthful state because of constant nourishment supplied by the blood.

So long as the blood is pure and rich the skin will be free from eruptions or disease, but when the circulation becomes infected with acids and humors its nourishing and healthful properties are greatly diminished, and this acid, humor-laden condition causes irritation and inflammation of the delicate tissues and fibres. Then the effect is shown in Eczema, Acne, Tetter, Salt Rheum, or some other distressing, disfiguring skin disease.

Humors and impurities get into the blood through a deranged or inactive condition of the system. Those members whose duty it is to collect and expel the refuse matter of the system fail to properly do their work, and this surplus or waste matter is left in the system to sour and be absorbed into the blood.

The cause of all skin diseases can be traced to some humor or acid in the blood. Smooth, healthy skins are only possible where the circulation is pure; and therefore the cure of any skin affection can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., are available only for their ability to keep the skin clean, allay superficial irritation, or soften the hardened cuticle. Such treatment cannot cure because it does not reach the blood where the cause is located, and to depend upon such measures alone usually results in the aggravation and spreading of any skin trouble.

S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing all humors or other impurities from the blood.

S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin instead of being irritated and inflamed by acids and fiery humors, is nourished, soothed and made perfect by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all blood purifiers and therefore lies its ability to cure skin troubles and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases and medical advice free.
